The Crystal Steam Room

Heat is a therapeutic agent and has long been used for healing in many cultures. Steam eases stress, relieves muscle tension and stiff joints, increases metabolism, boosts the immune system, improves detoxification of the lymphatic system and stimulates blood circulation.

The crystal steam room featuring a central block of pure rock quartz crystal, renowned as a ‘master healer’ and deep soul cleanser – as it absorbs, stores, releases and regulates energy and draws off negative energy of all kinds, harmonising the chakras, amplifying energy, balance and revitalising physical, mental, emotional and spiritual planes. It helps cleanse and enhance the organs, connecting the physical dimension with the mind, aids concentration and unlocks memory.

Crystal Steam Room Session (30 min)

R 200

The Crystal Steam Rasul Experience 45 min)

R 650

Recommended for enjoyment with a partner

This ancient healing ritual and one-of-a-kind Moroccan experience incorporates natural mud masks which are self-applied to all parts of the body and face. Aromatic steam is released, allowing the skin to be moisturised and as the mud softens, its beneficial ingredients and natural minerals are absorbed by the body. Hand showers are available to cleanse the body at the end of the treatment.

Touch Therapies

The science of touch has been proven to stimulate the sensitive points on the body that govern the flow of energy. When it comes to healing, touch is considered to be the most powerful of the body's five senses as it helps energy flow freely, which stimulates and improves the physical body as well as the emotional. Your treatments have been designed to restore wellness and harmony.

Swedish Massage (60 min)

Balancing Scalp and Foot Massage (30 min)

R 650
